5:00-6:30	Transfer to Hotels & Free Time		
6:30	Dinner		

***What is an Unconference?**

An Unconference is a participant-driven meeting. The term "Unconference" has been applied, or self-applied, to a wide range of gatherings that try to avoid one or more aspects of a conventional conference. It's a loosely structured conference emphasising the informal exchange of information and ideas between participants, rather than following a conventionally structured programme of guest speakers.
